

**CITY COUNCIL MEETING
OCTOBER 19, 1994**

PETITION SUBMITTED REGARDING EAST SIDE IMPROVEMENT COMMITTEE USING TOO MUCH GOVERNMENT CONTROL

Ukhtar Khan, 439 Murray Street, Lodi, presented the City Clerk with a petition regarding the Eastside Improvement Committee using too much government control, including the use of the Graffiti Abatement Ordinance, to gain access to private property to force people to improve items other than graffiti. Mr. Khan also stated that Virginia Snyder had refused to meet with Council Member Davenport regarding this matter.

Mayor Sieglock responded that he was very pleased with the work of Virginia Snyder and the Eastside Improvement Committee in making Lodi a better place in which to live. Council Member Mann responded that it was individuals, mostly neighbors, that brought the suit against the property owner on Pine Street, not the committee. Further, Council Member Pennino, urged Mr. Khan to meet with City Attorney McNatt to clarify any misunderstandings that he may have.

FILE NO. CC-2(s), CC-6, CC-13 AND CC-16

PETITION TO MAYOR SEIGLOCK OF LODI

We, the undersigned tax payers voice our concern over the east side task force with regards to the possibility of too much government control. We feel Virginia Snider is unfair because she uses the Graffiti Abatement Form to gain access to private property to force people to improve on many things other than graffiti. The drive-in signed the same form to change graffiti but not to really improve.

The drive-in and Virginia stand to gain thousands of dollars from disadvantaged property owners in low income neighborhoods on the pretext of graffiti abatement of a so-called free service which is untrue. Virginia Snider refused to meet with my elected councilman to discuss this so-called free service which is an enigma.

We feel as a charity corporation Virginia has tried to match wits with people and has intimidated us with a graffiti abatement form as the base of her existence. The city went from an "only respond to a complaint" position to the position of a "predator," looking to pounce on taxpayers, using graffiti abatement as a pretext to encounter people.

I BELIEVE THE JUDGE GIVES
A LOT OF RESPECT TO THE FACT
THAT IF VIRGINIA WOULDN'T MEET
WITH COUNCILMAN DAVENPORT
THAT SHE ONLY REPRESENTS 80%
OF CITY COUNCIL. THE JUDGE
GIVES MORE RESPECT TO COUNCILMAN
DAVENPORT THAN DOES VIRGINIA
SNIDER SO THE JUDGE CHANGED
HIS MIND AND REDUCED FINES 90%

We, the undersigned tax payers voice our concern over the east side task force with regards to the possibility of too much government control. We feel Virginia Snider is unfair because she uses the Graffiti Abatement Form to gain access to private property to force people to improve on many things other than graffiti. The drive-in signed the same form to change graffiti but not to really improve.
